

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
REGION II

DATE: MAY 07 2004  
SUBJECT: Requested Review of the Remedial Action Work Plan For Source Reduction, for the L.E. Carpenter Superfund Site in Wharton, NJ.  
FROM: Stephen Cipot, Remedial Project Manager  
ERRD  
TO: Frank Scotto, Environmental Scientist  
DEPP/CEPB

Under separate cover that has been sent to John Cantilli, you will please find one copy of the Remedial Action Work Plan For Source Reduction, for review and comment. The work plan was submitted by the PRP for the L.E. Carpenter Superfund Site in Wharton, NJ. The purpose of the submittal is to provide documentation to support the outlined approach to remove lead impacted soils to 400 PPM, remediate process wastes and LNAPL impacted soils. After you have completed your review, please provide comments to my attention by May 31. It would also be helpful if you could forward comments to me via email, as well, so as to facilitate preparation of a subsequent comment letter.

Thank you, in advance, for the opportunity to send you this work plan. Should you have any questions on this matter, please feel free to contact me at (212) 637-4411.

cc: Kim O'Connell, ERRD/NJRB
